

Form 28

Initial/modification/periodic audit safety management system certificate

V 1.08.2024

Electrical Safety Act 2002 and Electrical Safety Regulation 2013

This form is used when a prescribed electricity entity's safety management system is first put into effect modified, or periodically assessed. The form is the accredited auditor's certificate to the prescribed electricity entity verifying the safety management system has been assessed and validated. This form, once signed by the accredited auditor, is part of the documentation the prescribed electricity entity submits to the Chief Executive.

Please complete all fields in BLOCK LETTERS.

Prescribed electricity entity	
Accredited auditor (company)	
Accredited auditor number	
Audit type (Initial/ Modification/Periodic)	
Audit report name	

Declaration

I, (please print your name):

verify that the safety management system of the electricity entity noted above has been assessed and validated to ensure that the system comprehensively identifies and addresses the hazards and risks associated with the design, construction, operation and maintenance of the entity's works in line with the requirement of the *Electrical Safety Act 2002* and the *Electrical Safety Regulation 2013*.

Signature of person making the declaration (Insert signature)	Issue date: (Insert certificate issue date)
